**Northwest Cabinets, Inc. meets the industry's highest professional standards of excellence by employing skilled team members and using both traditional techniques and modern computerized manufacturing systems.**

# Custom Design

**Dental Lab**

## Functionality

The dental lab shown above is an example of maximized functionality for students. Through consultation with owner & architect, we have created a clean/tailored learning environment.

Pharmacy

# Food Service

## *Cleanliness*

**Cleanliness is one of the most important factors to consider in the food service industry. Northwest Cabinets, Inc. can offer stainless steel and solid surface counter tops (as shown above and on previous page) when resistance to bacteria, moisture, effects of harsh heat, and cleaning products is required.**

**Also shown is the beautiful laminate casework and stainless steel signage. Not only are these items ideal for food services because of the easy clean up, but they are also very inviting to customers because of the warm wood tones, clean lines, and overall appearance of simple elegance.**

# *Custom Millwork Fabrications*

Built upon 30 years of skilled craftsmanship, Northwest Cabinets, Inc. has become one of the leading laminate casework, architectural woodwork & counter top manufacturers in this area. We credit our success to a very strong work ethic & an on-going commitment to excellence.
